DELIVERY CONDITIONS FOR DIGITAL FILES

Applications Adobe Illustrator, Adobe Indesign, Adobe Acrobat, Artpro

If your design / layout was designed in a different application, please convert it to one of the applications above. Upon delivery please add the original file.

Fonts

Please add all the fonts used in enclosed. Converting text to vector or letter contours can be a very useful solution, however text corrections will no longer be possible after conversion.

File Type EPS, PS, PDF

These are the most common graphics file types. All of the previously mentioned applications are recommended for this purpose. Please link digital images on a 1/1 scale and if possible in high resolution (> 300 dpi).
